RENOVATION

MEDISCOPE DENTAL SUPPLY is one of the leading distributor in dental equipment's for dental surgeries in Malaysia. The company has all the facilities and services needed in dental industry namely as; dental unit and dental material, machinery and equipment's for dental clinics, hospitals, institutions and colleges.

The company is gradually progressing and excelling in dental industry since January 2015.

MISSION & OBJECTIVE

We are ambitious to reach every single clinic in Malaysia with our products and services. Committed to serve customers with zero complain on service and supports. To achieved the ministry standard on filling and documentations.

MARKET SITUATION & MARKET SEGMENTATION

Malaysia is divided geographically by the West Coast Area, East Coast Area and East Malaysia. Below are the statistic percentages of dentists for private practice based on the division areas :

Sales & Marketing

All sales are done by meeting customers directly in all areas, which covered by the respective product and marketing executives. There is no middleman involves and all sales and products promotion leaflet are sent directly to customers.
